Bestselling, international author and artist Jean Haines' new book leads the reader on an exciting journey through painting. Not just a book for artists, this is for anyone looking for a way of enhancing their life and mood through paint. It's also a way into art for people who have never painted and may even have been told they 'can't paint' at an early age. If you love the idea of sitting down and playing with colour and paint as a distraction from the stresses of modern life, then this is the book for you!
