Rallying the crafters, Valerie marches off to confront Mike about his dirty campaign. When she arrives at his office she finds him dead, one of her own stenciled campaign signs next to his body. Worried that she, or Darlene, are being set up to take the fall, Valerie builds a list of suspects. Who wanted Mike dead? The son of a senator, a bureaucrat with a past, a resident anarchist, or a charming stranger determined to sweep her off her feet? It's clear the killer is as crafty as she is. Valerie realizes it will take all her skills to combat ambition exposed by the lure of power, even as she learns, almost too late, how dangerous words can be.

5 BENEFITS

As a retailer or quilt shop owner, you always search for innovative ways to expand your business and engage your customers. Hosting in-store online classes can be a game-changer for your shop, offering a wide array of advantages. Let's explore five key benefits of hosting online classes tailored to your customers.

High-Caliber Instructors at a Fraction of the Cost

1

Get expert teachers with no travel expenses or the all-day teaching fees that come with bringing an instructor into your shop. Your students will receive all the instructor's knowledge at a lower price point for the store. Want to add something special? Many instructors will add a virtual feedback session for a small fee. Plus, you'll save time coordinating transportation because it's all through Zoom!

Opportunities to Monetize

There are many ways to monetize classes. You set the class's final price, accounting for your need to generate revenue. You save 20% on the base price of the class and there is no need to pass that on. If students are using your store classroom, you'll want to add a fee for the room use, the store host, and any add-on experiences you include. AND you can assemble kits and supply lists for students to purchase at your store.

2

Broader Customer Reach

3

Do you have customers who don't live close to the store, are online shoppers from out of state or have physical limitations that prevent them from attending in-person classes? You can offer a completely virtual class. Create a Zoom Check-In class where students talk about the content they are watching, give feedback to each other, and share their progress. Add a class instructor feedback session so students can talk to the expert. Put together a supply package that can be shipped out.

of Hosting an Online Class for Retailers and Quilt Shop Owners

Creative Spark loves guilds & retail stores. We think you will love us too. Learn how to how to offer a class here. ▶

Accessible Resources Before and After Class

Have students arrive prepared by having them watch introductory modules before the store class begins, allowing them to get right to the creation part. Then, when students leave, they have continued access to the process videos and the discussion rooms where they can ask the instructors questions—with no expiration!

4

A Classroom with No Size Limit or Set Hours

Want students to attend class from their own home sewing space? Virtual classes are an excellent option for retailers without a large classroom. In addition, retailers can offer multiple classes at the same time or outside store hours. Run a class in the evening or a day your storefront is closed and have students meet online.

6 STEPS TO START A BOOK CLUB

Running a book club in your shop can be an excellent way to engage with your community, boost customer loyalty, and create a unique atmosphere in your store. Book clubs provide numerous benefits, from increased foot traffic to fostering a sense of belonging among your patrons. If you're considering starting one, here are 6 steps to help you run a successful book club in your shop.

1. Choose a theme.

Select a series tailored to your shop's offering and interests of your customers, or even the time of year. Whether it's a cozy mystery from Barbara Emodi's *Gasper's Cove Mysteries* or a quilting cozy from Ann Hazelwood's *Door County Quilts* or Carol Dean Jones' *A Quilting Cozy*, having a theme attracts like-minded readers and ensure a more enjoyable experience.

2. Create a reading list.

Based on the selected series, create a reading list that doubles as a shopping list for those interested in joining. Be sure to promote the book club well before meetups are scheduled to begin. You can also see this step as a merchandising opportunity; offer bundles of books and stationery (for note-taking!) that matches the book club theme.

3. Set a Regular Meeting Schedule.

Consistency is key. Choose a regular meeting schedule that suits your customers and your shop's operations. It could be monthly, bi-monthly, or quarterly. Make sure to promote these dates well in advance so readers can plan to attend. Hosting regular meetings is also a great way to build store loyalty and engagement.

4. Promote Your Book Club.

Use both online and in-store promotion to spread the word about your book club. Create eye-catching posters, share information on your website and social media platforms, and encourage your staff to discuss the book club with customers. If you start a book club with a C&T book, be sure to let us know so we can help promote it too!

5. Foster Engaging Discussions.

Print the reader guides that are available with each C&T fiction book. During book club meetings, facilitate lively and engaging discussions using the guides. You can prepare additional discussion questions in advance to get the conversation going. Encourage members to share their thoughts, ask questions, and provide a welcoming atmosphere for open dialogue.

6. Build a Community.

Beyond the books, focus on building a community of readers. Create a sense of belonging by allowing members to suggest future book selections, host themed events, or even invite local authors for book signings or Q&A sessions. The stronger the sense of community, the more likely your book club will flourish.
