HOW TO GET IN TOUCH	104

Welcome

Writing this letter every season is a helpful time to stand back and take in what it is that we stand for and how this is reflected in our work. We recently spent time with the team defining and refining our mission, vision and values, which we have shared on page 108. This season, as ever, I am struck by the quality of the authors and partners that we have collaborated with to deliver on this. For knitters, Patty Lyons returns with an expansion of her phenomenal *Knitting Bag of Tricks* to create an interactive workbook that will delight as well as genuinely upskill (page 6); Lavanya Patricella delivers a comprehensive class on an exciting technique in *Brioche Knitting Workshop* (page 12); and Jamie Lomax of Pacific Knit Co gives readers a generous helping of her colourwork genius in *The Doodle Knit Directory* (page 16).

Further highlights include the expansion of our incredible Pokémon range with *Stitch 50 Pokémon* (page 32), *Pokémon Knitting* and two brand new kits (page 9); embroiderer extraordinaire Emille Ferris's highly anticipated second instalment in the *Paint with Thread* series (page 34); The Great British Sewing Bee's former Sewing Producer Claire-Louise Hardie with an ingenious method of duping your wardrobe favourites in *Clone Your Clothes* (page 36); respected textile artist Jessie Chorley's unique way of recording your life in stitches in *Journal with Thread* (page 42); renowned watercolour artist Richard Taylor's masterclass in colour in *The Watercolor Artist's Guide to Color* (page 48); and Fearne Cotton's Happy Place contributor and bestselling author Joey Hulin's *Meditation Yearbook*, which will arm readers with 52 meditations for a year of inner peace (page 68).

Classic car, classic motorcycle and motorsport enthusiasts will also be delighted by our new and backlist specialist automotive books under our newly acquired Veloce Publishing imprint (page 103).

Please use the contact information on pages 104–105 to reach out to the team if you have any questions or feedback – we'd love to chat about how we can collaborate with you too, to bring our vision to life.

Warm wishes,

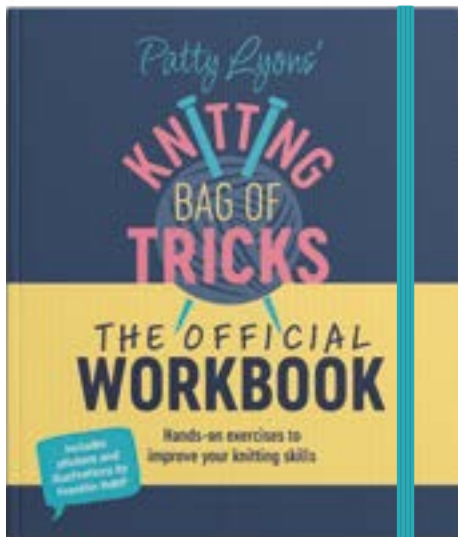

Ame

MAGICAL KNITS FROM THE NORTH

Meri Mort, Katinka Sarjanoja

19 ENCHANTING KNITTING PATTERNS INSPIRED BY MAGIC AND MYSTICISM

A unique concept which brings knitting patterns and mysticism together to create yarn magic. The authors are Meri Mort, a yoga teacher and writer, and Katinka Sarjanoja, a knitwear designer, and together they have created a unique collection of knitting patterns based on the themes and imagery of magic and folklore.

The 19 knitting patterns in this book are accompanied by poems – in the form of charms or spells – intended to call forth the power that resides in the reader and knitter and pass it on to the wearer of the finished garment. These poems are inspired by Finnish folk music – in the past the seers and healers were often referred to as singers – these traditional rhymes and spells can be used to focus the mind and enhance a state of mindfulness.

Additional themed alphabets, fitting sentiments and cute motifs reflect the humorous side of being an animal lover. Advice is given on changing thread colour to match the subject, and gift and keepsake ideas suggest how to display these prized pet pictures.

HOW TO BUILD A LIFELONG COLLECTION OF PRECIOUS STONES

The first crystal book to combine the practicality of how to select, source, care for and curate a crystal collection with the more metaphysical aspects of the crystal world.

Organized into three sections, Part One looks at how crystals are mined, how to tell which are genuine and which are counterfeit and how to sustainably and ethically source crystals. Part Two is the heart of the book and details collections of crystals that will make sense together either for their intentional properties or because they are geologically interesting. Part Three shares how to care for crystals, including how to organize and store them. Melding the scientific and the spiritual, this is the perfect user's guide to crystal collecting.
