### Description

Master Japanese felting artist and teacher (and a great cat lover himself) Housetsu Sato shows you how to become an expert in capturing a cat's essential form and character – especially at the kitten stage, when they are full of surprises. In this book Housetsu Sato teaches you how to: form the basic shapes and cat body parts; create a variety of familiar cat poses and postures; add realistic textures and markings to the fur and give unique expressions to your cat faces. Along the way, he shows you how to infuse your felted friends with a playful sense of 'cattitude', including how to incorporate fur from your real kitties into your felted models.

### About the Author

Housetsu Sato is a wool artist whose work has been widely exhibited in Japan. He has been making cat dolls and wearable giant cat heads since 2004, starting with clay figures and moving on to felting to replicate the authentic look and feel of real cat fur. He has since become famous worldwide for the exceptional realism of his cat figures and cat heads. He has established the Japan Wool Art Academy in Tokyo, Japan, to help others learn his techniques, including how to make wonderfully true-to-life cats.
