Potholder looms can make so much more than potholders!

You can also weave shapes other than squares, such as rectangles and triangles. This variety of options means you can weave just the modules you need to make projects from wall hangings to place mats, runners, baskets, and more. Noreen teaches and explains each step of the techniques and projects in full detail, with photos, so even if you have never woven before, you'll easily be able to accomplish any project in this book.

Tapestry weaving is also fun on the potholder loom, and Noreen shows you how with detailed instructions for setting up your loom and working tapestry techniques.
