### Description

*Modern Macramé Style* is the ultimate guide into the world of macramé for beginners. Macramé expert Amaia Martin, from La Terra Macramé, has created 20 unique projects to introduce you to this millenary art and make you fall in love with it!

You will be working with sustainable materials such as recycled cotton, jute and raffia, to create a selection of plant hangers, wall hangings, lampshades, rugs and even a macramé chair. Each project will help you develop your macramé skills, as well as adding warmth and a bohemian touch to your home interior.

Throughout the book, you will find tips and design variations that will allow you to adapt the projects to your style by using different fibres, colours or techniques. Learn over ten macramé knots and patterns that will allow you to master this craft and start making your own designs in the future.

You will also be introduced to another of Amaia's passions, plants. She has selected her top ten indoor plants to complement each of the plant hangers in this book, and added care tips to keep them looking their best. Get ready for a crafty journey to a beautiful and sustainable home.
