Description

This jelly roll quilt collection includes 15 contemporary quilt designs that are quick and easy enough to piece in a weekend. The quilts in this book use just one jelly roll - that's forty strips of fabric. The authors have carefully selected designs that are quick and easy to put together and hopefully look far more complicated than they are. They have timed the piecing of the quilts and each one can be pieced in a weekend, they just require quilting and finishing off. They have added a few quilts at the end of the book that may take a long weekend to piece.
