Description

Discover the beautiful Japanese pattern darning technique kogin and how it can be used to create stunning stitched and quilted projects. Kogin is a variation of the popular Japanese embroidery technique sashiko and is rapidly becoming as popular as its 'big sister'.

Japanese embroidery expert, Susan Briscoe, has compiled a collection of over 60 pattern charts - kogin is a counted embroidery technique - and 12 accompanying projects to create *The Ultimate Kogin Collection*, following on from her previous title *The Ultimate Sashiko Sourcebook*.

The projects range from small and very accessible items such as simple greetings cards and coasters to larger projects including wall hangings and table runners.

About the Author

Susan Briscoe is widely recognized as an expert in sashiko. From her base in Glasgow, Scotland, she regularly travels to Japan, where she studied kogin under expert Yoko Sato. Her *Ultimate Sashiko Sourcebook* remains the cornerstone title on the technique.
