Description

In this book, fibre artist Terri Watson shares her new school approach to creating contemporary knotted macramé canvases, using just a few simple knots. Terri shares many of her knotting techniques: including how to create vertical clove hitch knot fibre art that is as polished on the back as it is on the front; how to finish a piece using her signature streamlined scroll finish and how to incorporate different colours to create beautiful knotted tapestries.

This book features an extensive library of over 100 patterns and designs that you can use to create 10 projects including wall art, plant hangers, pot covers, garlands, table mats, and even show-stopping denim jacket panels that will turn your threads into walking works of art.

About the Author
