Beautifully photographed and with fully illustrated step-by-step instructions, the collection includes rompers, dresses, sweaters, cardigans, and hoodies, as well as an heirloom cot blanket, booties and bonnet, so that you can crochet a complete and truly chic baby wardrobe with ease.

Baby and toddler garments and accessories are fun to crochet because they are quick to make and very rewarding. They require less yarn too, making them an accessible and speedy project that will still be valued enormously - the ultimate handmade baby gift. Vita Apala has been delighting crocheters with her baby designs for decades, having sold over 150,000 patterns on Etsy with five stars reviews. Her patterns, which are written in US crochet terms, are renowned for being exceptionally well put together, with everything explained in detail, step-by-step photos throughout so you can compare your progress as you follow along, and with all the working out done for you.

As well as the extensive pattern collection, at the back of the book is a detailed techniques section, where you will learn all the basic and special stitches needed to create the amazing textures, including ribbing, ruffles, bobbles, shells and more. This comprehensive guide to baby crochet will give you a wealth of patterns at your fingertips, allowing you to hone your skills on a small scale while making garments that the little people in your life will love to be seen in.
