With this practical guide to miniatures you can let your imagination run wild and create your dream home without the constraints of location or budget! There are techniques for 50 projects to create beautiful, modern rooms at the miniature scale of 1:12, which is suitable for dollhouses and room boxes. The projects can be mix and matched to create endless interior variations. Designer and author, Chelsea Andersson, has designed an aspirational collection of furniture for the contemporary home for you to create in miniature. Learn how to make iconic pieces like the kidney shaped coffee table, a mid-century inspired lamp and a classic accent chair to create your own tiny interiors world. The projects are made using a variety of inexpensive and easily accessible materials including wood, fabric and paper.

The projects include different kinds of seating, tables, bed shelving, flooring and wall decoration, as well as soft furnishings such as wall hangings, rugs and baskets, throws and cushions to bring the space to life. The projects are divided up into chapters based on different rooms: living room; bedroom; dining room; kitchen; bathroom and patio. All of the projects can be mixed and matched to create your own unique interiors.
