### Description

Knit beautiful, bespoke blankets that reflect your favourite landscapes with this original pattern collection. Designer and geologist, Anne Le Brocq, has created a collection of 50 knitting patterns for different kinds of landscape and weather features so whether you live near the mountains or by the sea, you can knit your own landscape blanket.

A unique concept whereby readers can mix and match the swatch patterns to create knitted blankets based on a particular landscape whether it's the coast, woodland, desert, or beach. Readers can use the swatches to make blankets or follow the instructions for repeating the swatches for 'all in one' blanket knitting so there's lots of flexibility.

Suitable for beginners - the designs are created using texture and all the patterns are made using just knit and purl stitches. Knit beautiful, bespoke blankets that reflect your favourite landscapes with this original pattern collection. The 50 pattern swatches include wet sand, pebbles, footprints, rain, clouds, different kinds of tree foliage, mountains, sand dunes and more. There are written instructions and numbered charts for each of the landscape swatches, as well as stunning photography showing the inspiration for each of the designs. As well as the pattern swatch library there are seven finished blankets to illustrate how the pattern swatches can be used. All of the blankets have instructions for making them using the swatches as well as how to knit them in one so you can choose your preferred method.

### About the Author

Knitting designer and geologist, Anne Le Brocq, is uniquely qualified to create this collection of knitting patterns inspired by the natural world. Alongside knitting design, she lectures in geology so has a deeper understanding of the natural world than most people. She has combined her two passions *The Art of Landscape Knitting* to create a very special collection of designs.
