Main Description

Scraps! We've all got them – big pieces, small pieces – some we've saved from our own projects, others we've acquired from other quilter-friends who know of our love and passion for great variety in our quilts. Bonnie is back! And this time she's introducing us to a world of string piecing. Strings are strips and scraps usually too small to be useful for other projects, but they are just right for these 13 new quilts. Dig into your scraps and create your own unique, one-of-a-kind string quilts, for each string quilt is unique – there are no two alike ever! Even when made in the same design, simply the fact that the fabrics vary so much quilter by quilter, it is impossible to duplicate a string quilt.

Within these pages you will find a twist on traditional, time-honored designs along with some new ideas straight from Bonnie's scrappy imagination.
