### Description

Featuring 63 plants, this collection of embroidered flower motifs was inspired by a year of studying the garden. Beginning with the spring and going through the late autumn, the flower varieties presented here are presented with care and realistic detail. With beautiful colour combinations, wonderful texture, and a studied but artful expression, this is an exquisite guide for those who love flowers and embroidery, and for those who want to share in the pleasures to be found with fabric and needle.

### About The Author

Kazuko Aoki is a talented and popular Japanese textile artist whose work features in many embroidery magazines and exhibitions. Her delicate pictures are inspired by her great love of nature, and the flowers in her own garden, which often provide the starting point for her creative designs. Kazuko loves to combine other embroidery techniques with cross stitch to introduce a beautiful and unexpected element in her designs and, in the process, create an original new style.
