Description

Japanese artist Yumiko Higuchi is celebrated for her embroidery designs with a Scandinavian flair. The motifs and patterns she offers here are true to her trademark zakka style: simple and graphic yet softened with organic shapes and imagery drawn from nature. The result is embroidery that feels modern and nostalgic all at once. In *Embroidered Botanicals*, Higuchi offers 39 embroidery projects highlighting the distinctive quality of different threads. With motifs created specifically for different types of thread-wool, cotton, pearl cotton, and metallic-makers will become better versed in the materials available to them. With beautiful photographs, clear step-by-step instructions, and detailed diagrams, this book will be an inspiring guide for those new to embroidery and a fresh and unique offering for those experienced with needle and thread.
