Description

Learn to draw brain-bending optical illusions in graphite and coloured pencil! Designed just for new artists, *The Art of Drawing Optical Illusions* demonstrates how to create optical illusions and 3D trick art by breaking the process down into basic, easy-to-follow steps. Readers will learn to draw impossible objects, Penrose shapes, and three-dimensional “can’t-believe-your-eyes” artwork. This easy-to-use guide caters to beginner artists wanting to amaze their friends and family with these simple perspective tricks.

Key Selling Points

- Details how to draw basic optical illusions to entertain and amaze with just a pencil; perfect for beginners, doodlers, casual artists, and artists on the go.
- A great brain-boosting activity for those seeking mental exercise and stimulation.
- The author has more than 1 million subscribers on YouTube

About The Author

Jonathan Stephen Harris started his freelance artist career drawing portraits of people and pets, and then moved on to creating tattoo designs for studios all over the world. For 10 years he worked online creating custom tattoo designs. Now he spends most of his time painting and creating fonts and typefaces for both personal and commercial use. He has a successful YouTube channel, TattooWoo, showing how-to-draw videos and the processes he takes when creating art and designs.
