Description

Botanical Drawing is an accessible guide to the art form written by an expert artist. This book features ten projects ranging from the simple to the complex to develop the reader's confidence. Penny Brown's own intricate botanical artworks give the reader inspiration, and she explores the history and science behind botanical drawing through her own stunningly detailed diagrams and drawings.

Key Selling Points

- Includes 10 full step-by-step projects ranging from simple to complex to help the artist develop their skills and confidence
- Intricate botanical diagrams and source photographs can be used as reference
- Penny Brown is the author of a number of Search Press's renowned design source books, as well as *How to Draw Flowers & Trees – in Simple Steps*.

About The Author

Penny Brown trained and worked as a theatre designer for 10 years before an increasing love of painting and drawing led her to illustration. She works in watercolour, graphite and most recently, cut paper collage. She has illustrated many books on craft, textiles, design, natural history and gardening. She exhibits her botanical paintings and drawings with the Society of Botanical Artists in London, Frankfurt and Spain. She has won several awards including the prestigious President's Prize at the SBA exhibition in 2015. She is also a member of the South West Society of Botanical Artists in the UK, and opens her studio regularly for art weeks. She looks forward to continuing her parallel careers in botanical art and illustration. Penny lives in Dorset, United Kingdom.
