Description

Charms and dangles are popular fashion accessories, used to decorate purses, bags, mobile phones, and anything else you can think of. In this book, Sachiyo provides patterns for 20 different designs – all in her distinctive, cute and fun style. All the projects are really quick and easy to make – each one can be made in just 15 minutes! They are great for passing the time on a journey or when you have a few minutes to spare, and are small enough to carry around in your bag. They are ideal for using up scraps of yarn too, and they make perfect little gifts for family, friends and boy or girlfriends.

Choose from ice cream cones, beach huts, strawberries and mushrooms, as well as love hearts, owls, and stars, then pop it on a charm strap – or even a suction cap to dangle in your car – and your creation is complete!
