Description

Be inspired to embroider all the elements of an idyllic English country garden. Suitable for beginners as well as accomplished embroiderers, Lorna Bateman's beautiful book includes 12 practical projects for you to make and adorn with exquisite floral motifs.

Lorna walks you through a variety of stitches including raised and textured stitches, teaching you to embroider individual flowers with them and how to incorporate these into an original garden motif. For the nature enthusiast, there is plenty to get excited about: an A-Z of English garden flowers and how to stitch them; a section on stitching common garden insects; and how to embroider iconic garden imagery such as birdbaths and garden ornaments.

Roses are the archetypal cottage flower and Lorna describes how to incorporate a climbing rose, rose spray and standard rose in your designs.

Embroidered Country Gardens is peppered throughout with seeds of wisdom: invaluable hints and tips from the author to help you develop your own skills and unique style. As well as step-by-step instructions, there are also detailed photographs, outline template drawings and a fully illustrated A-Z of stitches.
