Key Selling Points

- Learn the basic machine sewing techniques in 25 quick and easy lessons
- Each lesson takes just 30 minutes to complete and is accompanied by a gorgeous project to practice your new skills
- All the core sewing techniques are broken down into key areas of sewing – fabric types, interfacing, applique, quilting and more – and from simple to more challenging designs, making for a gentle, progressive learning experience
- Ideal for fitting in around your busy lifestyle – whether you are looking after children, working or travelling.

Description

Learn how to sew in 30 minute-lessons through a series of mini projects, building your skills and confidence as you work your way through the book.

Unlike conventional beginners' guides, this book will get you making something straight away, without having to wade through pages of materials and basic techniques first. In addition, the quick little projects are usable, make great gifts for friends and family, are brilliant for using up scraps of fabric, and are ideal for fitting into a busy lifestyle – whether you are looking after children, working or travelling.

About the Author

Debbie has been involved in writing and the craft world for pretty much all of her life but in 1997 she made it into a profession. Now, besides regularly designing projects and writing columns for magazines and websites such as QuiltNow, Sew Mama Sew, AllFreeSewing and FaveQuilts, she runs her popular blog where she shares her designs for sewing and quilts as well as papercraft, scrapbooking, card making, beading, jewellery and mixed media projects. Her first sewing book with Search Press, *The Bag Boutique*, was a global success, and she has since written a second inspired by the *lagom* movement.

Debbie lives in Lower Saxony, Germany. For inspiration – crafting and more – visit her blog: sallyandthecraftyvamp.blogspot.com

Table of Contents

Introduction
Sewing 101
