Illustrations	450 Colour illustrations
Publisher	Search Press
Classification	Lace
BIC CODE/S	WFB, WFBL
SALES REGIONS	WORLD

Key Selling Points

- A practical exploration of lace and how to use it
- Packed full of inspiring projects with clearly illustrated lace-making techniques ideal for beginners
- A unique book on a trendy subject, for textile artists, fashion designers and embroiderers.

Description

Typically associated with frilly hankies and flouncy collars that are time-consuming to make and invariably white, the 30 projects in this book span the colour spectrum and make use of a range of media including paper, fabric, thread and even concrete!

This original and exciting guide to lace is a visual feast of 30 inspiring step-by-step projects. It includes in-depth features and fascinating asides relating to the history of lace and it will encourage you to experiment and inspire you with handy tips. The projects use bobbin lace, needle lace, needle weaving and drawn-thread work, all of which are clearly illustrated for beginners. Some projects feature techniques such as using concrete and papier-mâché; some feature ready-made lace, either entirely, or as something that can be added to.

About the Author

Elizabeth Healey originally trained as a graphic designer at the London College of Printing, after which she worked in various design groups before gravitating to the world of illustrated books. For as long as she can remember she has made things – usually with yarn or cloth, but sometimes with paper and clay. She is particularly interested in utility stitching and tries to use recycled textiles wherever possible, in a way that looks fresh, modern and urban rather than old and fusty. Elizabeth teaches workshops and has written articles for various magazines. Her first book, *Stitch, Fabric & Thread* was published in 2016.

You can see examples of her work on her blog: www.elizabethsquarters.blogspot.co.uk.

Table of Contents

Introduction 6

The basics 8
