Description

Praise for the *Build a Bag* series:

"These books are ideal for those new to bag making and will help readers grow their bag-making skills and confidence as they work through the projects. The plastic templates are a brilliant idea and a great bonus." - **The Sewing Directory**

New to the highly acclaimed Build a Bag series, this fantastic new book by Debbie Shore brings you a selection of 15 sensational satchels!

The 15 designs are created using the full-size rigid template contained within the book. It is easy-to-use, durable, reusable, wipe-clean and perfect for fussy cutting, plus it is simple to position and use – there is no need to pin it.

The satchels are made using different techniques, pockets, straps and fastenings to create 15 very different results. But why stop there? The template can also be used for your own design variations. As you mix and match the techniques covered within the book, Debbie gives advice on how to adapt and create your own unique designs.

Each project in the book is explained using Debbie's friendly style and easy-to-follow step-by-step photography, and there is also a comprehensive techniques section and a guide to using the template.
