### Description

Blackwork is a traditional type of counted-stitch embroidery. Monochromatic, with superb shadow effects, it has been revisited here in a magnificently graphic, contemporary style highlighted with occasional splashes of colour.

The 13 patterns designed by Bernadette Baldelli modernize the technique by adding a touch of red to the traditional black and white, and by including both geometrical and more figurative styles. You'll discover a lush, graphic world with embroidery that is simple to do and gives stunning results. You can make a basket, a pouch, wall hangings, placemats, an embroidered shirt, throw blanket and more. Simple diagrams make them easy to do, and there is a wealth of tempting patterns to choose from. Bernadette's creations are known for their excellent finishing touches and these are no exception.
