Key Selling Points

- Each drawing starts with simple lines or shapes
- The book includes plants, flowers, woodland animals and objects, beach wildlife and objects
- The how to use this book section gives advice on basic equipment and colouring techniques
- Includes colour palettes so readers can easily find the right colours for their drawing.

Description

If you love drawing plants and animals but don't know where to start, this is the book for you! *10 Step Drawing: Nature* will help you turn simple shapes into beautiful nature images in just 10 steps.

Create 60 different flowers, trees, animals and objects, from a bird's nest to a cheeky harvest mouse, by following the instructions inside.

Learning to draw has never been so simple!

About the Author

Mary is an artist and illustrator based in Suffolk, UK. She specializes in painting natural subjects and has produced artwork for everything from stationery to ceramic tiles. Mary's interest in the outdoors has inspired a number of publications, including *The Painted Garden Cookbook* (a collection of illustrated recipes that were produced in her own garden) and *Dawn to the Country*.
