### Description

Illustrator and papercutter, Jessica Palmer, has created 80 pages of enchanting hand-drawn pictures for you to colour and lose yourself in. The images all have a magical woodland theme, and each one includes a hidden jewel, intricately worked into the design, which will include rings, brooches, pendants, chains, bracelets and earrings featuring insects, animals and leafy patterns. The book includes designs that fit on a single page as well as those that extend across a double-page spread. Some of the designs fill the entire page and others sit within it. Others have space left for the reader to extend the design themselves.

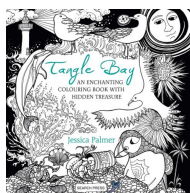

### About the Author
