Description

This fourth book in the '*Kawaii*' series is packed with adorable creatures from a range of cultures and mythologies. In the hands of author-teacher Angela Nguyen, even a three-headed dog is drawn in a style that will have any young artist cooing! This book teaches young readers what kawaii is all about and how to draw any mythical animal in an adorable style. There are clear step-by-step diagrams that are great for visual learners and make it super-easy to follow the instructions. The wonderful beasts are organized by the terrain in which they are found: air, water and land. There is also a section devoted to how young readers can create their own creatures: elephants with tiny wings, bunnies with unfeasibly large ears, and 'mash-ups' like giant bats. Angela has created 'feature spreads' showing imagined landscapes where some of these creatures might safely graze. Taking cuteness to the next level, this wonderful resource makes drawing instantly achievable and great fun!
