Description

Whether you're a beginner crafter or experienced maker, this book will help you build on your sewing skills as you learn how to make a range of bags from a simple drawstring tote to a stylish colour-block rucksack.

As you work your way through the 18 projects, you'll learn how to create interesting shapes (such as a cubed bag or round bucket bag), work with different fabrics (cotton, canvas, linen and more) and discover how to work in zips, poppers, pockets, straps and other additions.

Step-by-step guidance, plus a wealth of tips and tricks, mean you'll always feel confident in developing your technique, while modern designs and design-focused details will inspire you to get creative with your makes.

Bags is the ideal book for those looking to expand on their sewing skills, create beautiful, lasting additions to their wardrobe or make impressive and covetable gifts for friends and family.

The projects include: a simple tote, shopper bag, iPad case, basic big duffel, curved purse, pompom bucket bag, retro backpack, overnight bag, boxy hand-luggage, contract clutch, fold-over backpack, drawstring toiletries bag and many more.
