Description

Learn how to create stunning, heirloom-quality quilts for your home with the 23 designs in Quilting by Hand.

The projects in this book are diverse, versatile and fit for a bed, a couch, or for a new baby to grow into. Riane Elise starts with the basics: instructions will include tutorials for both hand piecing and machine piecing, as well as other beginner-friendly handwork techniques. With thoughtful details that are interesting but minimal, designs will provide a mix of quilt complexity; some quilts can be completed in a weekend, and others may take weeks or months.

Riane brings quilting to the forefront with her natural and modern approach, focussing on craftsmanship, tradition, contemporary design, slow stitching, and making with intention.

About the Author

Riane Elise is a modern quilter making minimal quilts for the modern home. She learned to quilt in 2011 from her grandmother, and once she found the right materials (linen, cotton, and wool), she fell in love and never looked back. Riane crafts heirloom-quality quilts that are as beautiful as they are functional, and each quilt is hand quilted with large stitching for a unique and durable finish. Riane has previously self-published the *Inheritance: Minimal Quilts for the Modern Home* and co-authored *Modern Quilts: Designs of the New Century* by the Modern Quilt Guild. Her quilts have been featured in numerous magazines quilt design around the country. Riane lives and works in Denver, Colorado, USA, with her husband, Kevin, and silly pup, Dallas. This will be her first book with Quadrille.
