Key Selling Points

- Resin craft is becoming increasingly popular among young crafters, and this step-by-step guide will cover all you need to know to get started
- Includes 30 projects which will inspire both new and existing crafters
- As a local artisan, Hazel Oliver was selected to provide gifts for delegates at the G7 conference in Cornwall, UK.

Description

Resin craft is a great way to make beautiful items for your home and gifts for yourself or others.

The name behind Badger & Birch, Hazel Oliver's eco-friendly practices include using solvent free and non-toxic resin, and incorporating natural waste (such as mussel and oyster shells from her local restaurant), as well as natural minerals, gemstones and crystals in her work. In this her first book, Hazel shows you the basics of resin craft, including mixing and pouring, making moulds, and finishing your pieces. The 30 projects include vases, planters, candle holders and other items for the home, as well as moulded decorations in leaf shapes and other natural forms. The soft colours, natural elements and beautiful finish of Hazel's work will inspire you to take up this flourishing new craft, or give you new ideas if you are already a keen resin crafter.

About the Author

Hazel Oliver is the maker behind Badger & Birch, an eco-friendly, minimal-waste creator of beautiful resin products for you and your home. She is based in Falmouth, UK, where she makes use of local seashells in her work, and was commissioned to provide gifts for the G7 delegates attending the 2021 summit in Cornwall, UK. See more about Badger & Birch on the website www.badgerandbirch.co.uk and on Instagram @badgerandbirch.
