Description

This beautiful book of functional, stylish designs for baby boys and girls contains over 20 unique knitting patterns for sweaters, cardigans, vests, dresses, blankets, booties as well as a cosy wrap for mum or dad.

Combining true comfort with contemporary design, in a world where time is precious and clothes are often mass-produced, Danish knitwear designer Vibe Ulrik Sondergaard has produced a delightful range of garments that are worth investing time into.

Many of the designs focus on texture and shape in solid colours, and all aim to be comfortable for babies. Beautiful stitches, quirky details, classic shapes and lush yarns are combined to inspire others to create their own unique garments and accessories.
