Description

Discover the joy of embroidery with wool!

In this fresh collection of botanical-inspired motifs, Yumiko Higuchi combines wool thread with cotton floss for a modern twist on embroidery. Wool thread creates fluffy, three-dimensional embroidery with a soft, warm texture. Because of its voluminous nature, wool thread stitches up quickly, allowing you to create bold embroidery designs with ease.

The collection includes 24 stunning motifs featuring mushrooms, dandelions, poppies, pansies, butterflies, birds, and more, all stitched in vibrant, eye-catching colours. You'll also find instructions for simple projects that are perfect for showcasing your wool embroidery.
